

# wooden

De WOODEN-series is voor zowel jongere als oudere kinderen een eindeloze bron van fantasie en inspiratie waar ze veel plezier aan hebben. Diverse toestellen zijn tevens goed toegankelijk voor kinderen met een beperking. De van milieuvriendelijk (FSC gecertificeerd) gelamineerd grenen gemaakte toestellen in de WOODEN series stimuleert de fysieke ontwikkeling van het kind en biedt grotere groepen kinderen de mogelijkheid om samen te kunnen spelen. Hierdoor leren kinderen relaties ontwikkelen met anderen en ook hoe ze samen kunnen werken c.q. spelen. Verschillende educatieve panelen die de zintuigen prikkelen, gecombineerd met bewegende onderdelen zorgen voor veel plezier bij de kinderen en hebben op hen een grote aantrekkingskracht. De uitgeknipte combinatie van een prachtig ontwerp uitgevoerd met top kwaliteit gelamineerd grenen, rvs stangen, verbindingen en glijbanen, HDPE plaatmateriaal panelen (waarbij de zwarte middenplaat is gemaakt uit 100% gerecycled granulaat), anti-slip platforms etc. maakt de WOODEN serie een top product!

Door deze fraaie houten toestellen optioneel uit te rusten met bv groene HPL panelen i.p.v. de standaard HPDE panelen, passen deze toestellen ook zeer goed in de z.g. natuurlijke speeltuinen.
